About Us

We are strongly ambitious team, who works non-stop to reach its goals. Becoming a full stack developer at one of the biggest companies globally. we are currently Training at Coding Academy by Orange, very intensive Training, but its a lot of fun, filled with laughs and friendships. To become a full stack web developer in 7 months is such a huge turn for us !

Our project (Smile) is to give back to people, we hope our website actually makes you smile :)

Fill in your information here in thee form then enjoy our task manager its a mini to do list.

To appreciate your hard work we added a fun calculator at the end, hope its helpful.

Our site is always open up to make you smile for free and will always remain free.
